Newsletter 2022

Easter Egg Hunt –

Friday April 15th children at the Early Learning Center will have an Easter Egg hunt during the day.

We will be filling over 1000 Easter Eggs for the kids!

If parents are able to grab 1 bag of candy or pre-filled Easter Eggs we would really appreciate it. Again, if you can't no worries.

Please bring any candy or prefilled eggs to the office or give them to your classroom teacher and we will make sure they get to the office.

Spring Picture Day

Will be done in two days so we can have time to get everyone done before lunch. You do not need to fill out anything ahead of time. You will get a link after picture day to log in and look at. Pictures are always optional.

Tuesday April 19 th	Wednesday April 20 th
Purple Room	Violet Room
Blue Room	Orange Room
Silver Room	Yellow Room
Teal Room	Red Room
Navy Room	Green Room
Rec Center Pre-K	

Spring is Finally Here!

Please remember we will go outside multiple times per day. It may be chillier in the morning so make sure they have sweatshirt or jacket. All children need to bring shoes each day as well. As we prepare for the hotter days, we will ask each parent to bring a bottle of SPF 50 sunblock. If your child has an allergy and must use a special sunblock, we will need to be notified otherwise teachers will use one bottle at a time till it is gone and then get the next bottle so we do not have 12+ open bottles of sunscreen open in a room for safety reasons.

Tax Time

All families will find their 2021 childcare statements online at www.myprocare.com Our tax ID number will show up on the right-hand corner of the statement when you download it. **Make sure to select the dates you want or it will pull 2022 instead of 2021.**

Planning Ahead -

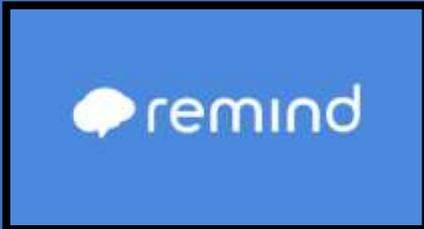

First day of our Summer starts May 29th
Summer Items Children will need to have to leave at school for the summer:
Swim Suit (Boy's swim trunks and Swim Shirt)
Water bottle if they do not already have one
Bottle of SPF 50 Sunblock Cream only please

Communication

I also wanted to take a minute to make sure all the parents are familiar with all the ways we communicate with you.

1. Did you know on our Crayons 2 Pencils website we have a tab just for you? You will find lots of information on their such as days we are closed for holidays, special events coming up and so much more. <http://www.crayons2pencils.com/Parent-Portal.html>

2. Text Messages through REMIND- This is where we text quick important messages letting you know what is coming up or things you need to know. ** If your messages are not coming through as a text and you have to log into the REMIND app to see them messages, you can change that in settings. Just go to the Remind app and click on notifications and select your phone number then the messages will come as a text and you will not have to open the app.

3. Newsletters- We send out newsletters to keep you up to date on things going on around the Early Learning Center. T

4. Face to Face- We always encourage you to visit with your teachers about your child's day or stop in the office. 😊

Tornado Damage

We are in the process of fixing what the tornado brought. We were lucky. I happened to be watching the news and saw how close the tornado came to the Rec Center. At the ELC our sign blew off, ripped the rainbow tarp, cracked 2 windows and we are very thankful as it could have been a lot worse. All items are in process to get fixed/replaced.
